

Mercy Leadership: Empowering Middle Leaders

Ongoing formation in leadership for mission 2025 Program

PROGRAM AIMS

Underpinned by adult learning principles, the program provides an opportunity for middle leaders within MMC to engage in ongoing formation within a cross-ministry context.

Through their engagement in the four (4) parts of the program, it is hoped that participants will:

- Develop a sense of belonging to MMC and of their contribution to its Vision, Mission and Values-enlivened ministry of service
- Enhance their appreciation of the Mercy context and heritage in shaping their leadership
- Grow in appreciation of the richness which sacred texts bring to their leadership role
- Deepen their understanding of values integration as key to their role as a leader
- Gain some understanding of a Ministerial Public Juridic Person (MPJP) within the Australian Church
- Increase their understanding of the role of middle leaders in shaping organizational culture
- Become more confident in exercising their role as middle leaders within MMC
- Contribute to relationship-building within an MMC cross-ministry 'community of practice'
- Commit to ongoing leadership formation as key to their ministry of leadership
